*The outlook for a lively Fall and Winter Trade was never better. Crops and prices are good, merchandise of all kinds is gradually advancing, and everybody seems to feel that the long pull of hard times is over and harvest time has come again.*

*Since issuing my **Spring and Summer List of 5 and 10 Cent Counter Goods**, I have greatly increased my line, making it far superior in quantity, variety and quality to any similar stock in the country.*

***Do not fail to scan my List and Prices closely.***

*I handle no so-called Job Lots (seconds, thirds or trash made expressly for the pretended Job Lot Houses), but supply regular goods at prices quite as low and in most cases lower than the so-called Jobs.*

*I import **Needles, Cutlery, Tooth Brushes, Spectacles, Etc.**, direct from the manufacturers in Europe, therefore can make prices to suit the very lowest and closest buyers.*

*My terms being net cash in all cases, I can afford to handle goods on closer margins than any house that does a time business.*

*Very respectfully yours,*

**C. M. LININGTON.**

## **TERMS NET CASH 10 DAYS**

*If satisfactory Chicago reference is given, otherwise C. O. D. if 25 per cent. of the amount is sent with the order as a guarantee that balance will be paid on receipt of goods.*

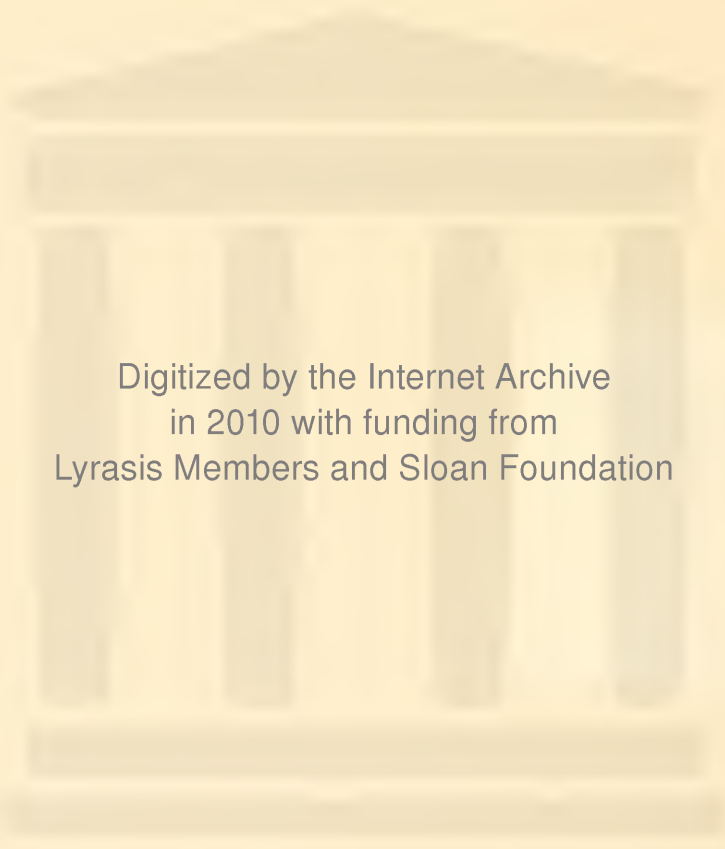

*☞ A discount of 2 per cent. will be allowed for cash in full with order.*

*☞ Boxing and cartage will be charged at actual cost to me.*

*My Illustrated Catalogue for 1879—80 will be ready for distribution about September 20th. Send for one at once and it will be forwarded as soon as ready.*

# CHEAP COUNTER GOODS.

FIVE AND TEN CENT COUNTERS have become a necessity with almost every merchant in the country and those who have not yet put them in will find it greatly to their interest to do so at once. The fall and winter trade on these goods will be simply immense, and it is the universal verdict that they pay a better profit by far, than the regular shelf goods, besides drawing trade for other goods.

In this department I have the largest and most complete stock to be found in America, at prices that cannot be equalled for goods of the same quality.

I do not offer them in \$50 or \$100 lots, as some parties do who have a lot of old stock that they desire to work off, but lay before you a complete list, with prices attached, from which you can make such a selection as you desire in *dozens* or *gross*, and know just what each article is to cost, thus enabling you to figure the profit and keep a complete assortment of the *best selling articles and no dead stock*.

Beginners should order as largely as possible so as to open their tables with an attractive stock, thus creating a good impression; then a run is sure to follow.

( Order Sheets and Return Envelopes furnished Free.)

Merchants west of the Rocky Mountains and in the British Provinces will do well to sell these goods on 7 and 15 Cent Counters, as some of my customers have done with good success. A general assortment of my 5 cent list will average about 34 cents a dozen, and of my 10 cent list about 74 cents a dozen. These goods are carried by Railroads generally as Hardware, 2d class, and on California fast freight, 4th class, thus making cheap transportation to any part of the country. I carry in stock all the goods in this list, and many more which I list in my general trade catalogue of about 100 pages, illustrated.

I shall add new articles almost daily to my 5 and 10 cent stock which you can confidently order with assurance of getting good selling goods at the lowest possible prices. Should you see anything in any other list from Chicago that you desire, please order it carrying out price and stating whose list you took it from, and I will cheerfully supply it (at same price if not lower) if to be had in the city; more than likely I will have it in stock.

## THE COMMON SENSE DUST PAN.

This is a new idea; the pan sits on the floor in position to receive the dust and dirt and so constructed as to retain it and be moved from place to place on the floor by the broom. The dust of the entire room may be swept into the catcher or pan without once stooping down. It can also be used for a slipper case, etc. Per Dozen 84 Cents. One of my best 10 cent counter articles.

## NEEDLES.

I am sole importer and proprietor of the following well-known brands of Needles, therefore have the first sale of all that is handled in this country, and all who buy them of anyone else buy second handed, which cannot be afforded by anyone handling any considerable quantity. By ordering them direct from me, you get them as cheap as anyone and fresh goods at all times.

I am the only importer of needles in this line of business in the United States (though many claim to be.)

My needles are all put up 25 in a paper, solid sizes 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11 and 12 both sharps and betweens and assorted sizes in 5 to 10 sharps and 3 to 9 betweens.

## NEEDLE CASES.

Among the best selling goods for merchants, canvassers, etc., are the following *Little Beauties* in the way of needle cases. It is impossible to give a correct idea of them by description, therefore I would suggest the propriety of sending for a sample of each, then you can see what they are and select such as you desire to handle. Samples will be supplied to the trade at Dozen Rates.

## NEEDLE BOOKS.

The sale of needle books has become as regular and staple as that of Clark's thread, and agents and dealers generally carry them. As there is a demand for different priced books, I have concluded to meet the demand by offering my Fine morocco Friendship Book, filled with different needles, as per following list:
